### Botanic Gardens

Tranquil and tropical, the Singapore Botanical Gardens provide rare open spaces of greenery for walking, snoozing and communing with nature. Dating back to 1860, the gardens feature a herbarium, frangipanis and the kind of rainforest jungle that once covered the island. Dotted in-between are sculptures, a bandstand, fountains and a visitor center. You'll also find the National Orchid Garden here, with both tropical and cooler-climate varieties providing bursts of exotic color.

Reflecting Singapore's unique heritage and geographical location, the Gallery will feature Singapore and Southeast Asian art in its long-term and special exhibitions. It will also work with leading museums worldwide to co-present Southeast Asian art in a wider context, positioning Singapore as a regional and international hub for the visual arts.
